***Election/Restrictions***

1. Claims 1 and 13 are generic to a plurality of disclosed patentably distinct species comprising Fig. 1, Fig. 2, Fig. 3, Fig. 4. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species and list the claims that read thereon, even though this requirement may be traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

2. As a courtesy to the Applicant, the Examiner noted that the file contains a search report from a foreign office. A quick look at the cited references revealed that the independent claims seem to read at least on Evans 3,710,576, col. 9, l. 43 et seq. Applicant may want to consider amending the claims so that they define at least over the prior art of record, prior to the first office action. It was also noted that claim 2 contains the limitation "OLE\_LINK1" that does not appear to conform with the requirements of 35USC112, 2<sup>nd</sup> paragraph. Finally, applicant may want to review the application and the claims, and use language that is closer to idiomatic English (see for example paragraph 011, ll. 5-12). The remarks in this paragraph 2 are made as a matter of courtesy only. Taking them into consideration and acting accordingly may speed up the prosecution process.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ehud Gartenberg whose telephone number is 703/308-2634. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Justine Yu can be reached on 703/308-2675. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
